_ The moon sheds light across the end of the bed
_ You made me wait but now I'm touching your leg
_ And I remember all the little things you said
Quesadillas made with cheese and a rock band who were Japanese

[WAIT] … So for once *[WAIT]* … in my life I (AHHHH)
[WAIT] … saw what I wanted and _ took a bite
[WAIT] … I picked the fruit *[WAIT]* … from the tree (AHHHH)
And it was __ ripe

_ Your love got big, your jokes got worse each afternoon
Like bacon at a Bar Mitzvah, like a__lead balloon
_ And who's to say what really happened in that room each day
I was lookin? for a bride, you were lookin? for a groom

[WAIT] … So for once *[WAIT]* … in your life you
[WAIT] … saw what you wanted and _ took a bite
[WAIT] … You picked the fruit *[WAIT]* … from the tree
And it was __ ripe

_And all you people are the heroes I've known
_We're staring off the edge into the unknown
_We are not there yet but we cannot go home
So we cry and we sing, yeah, I _remember everything

[WAIT] … How for once *[WAIT]* … in our lives we
[WAIT] … saw what we wanted and _ took a bite
[WAIT] … We picked the fruit *[WAIT]* … from the tree
And it was __ ripe
And it was __ ripe
And it was __ ripe
And it was __ ripe
