You say, , diamonds
You say, , your story untold
All promises make
From cradle grave
When all, , is you

You say, give , highway on it
treasure upon it
riches night
say, give eyes moon blindness
river, dryness
harbour tempest
promises , cradle grave
all want ,

say, want diamond gold
story, untold
love, cold
promises break, grave
When all, I want is you

All I want is you x 4
