(I got a) fire burning in my soul
(I got a) fire (that's) burning in my soul
(And when that) music plays it warms my soul
I got a fire burning in my soul

(I got a) fire burning in my soul
(I got a) fire burning in my soul
(And when that) music plays it warms my soul
I got a fire burning in my soul
(in my soul)

(And it burns) It burns in my soul
(And it burns) It burns in my soul
(And it burns) It burns in my soul
(And it burns) Burn there in my soul
(in my soul)

(And it burns) It burns in my soul
(And it burns) It burns in my soul
(And it burns) It burns in my soul
(And it burns) Burn there in my soul

(I feel that) music deep in my bones
(I feel that) music deep (down) in my bones
(And when the) rhythm starts it warms my soul
I feel that music in my bones

(I feel that) music deep in my bones
(I feel that) music deep (down) in my bones
(And when the) rhythm starts it warms my soul
I feel that music in my bones
(in my bones)

(And it burns) It burns in my soul
(And it burns) It burns in my soul
(And it burns) It burns in my soul
(And it burns) Burn there in my soul
(in my soul)

(And it burns) It burns in my soul
(And it burns) It burns in my soul
(And it burns) It burns in my soul
(And it burns) Burn there in my
