I climbed highest mountains
I run fields
Only .. Only

I run, I crawled
I scaled walls, these
Only

But I still x 2

I kissed lips
Felt healing fingertips
It fire, burning desire

I spoke tongue angels
I held hand devil
It warm night, I cold stone

But I still x 2

I believe Kingdom
colors bleed , one
But still running

You broke bonds loosened chains
carried cross shame, shame
know believe it

But I still x 4
